

**Texas 4-H Shooting Sports  
Sportsmanship Award Nomination Form**

Sportsmanship is a central theme of the Texas 4-H Shooting Sports Program. While our outstanding shooters generally exhibit excellence in this area, many of those showing the highest level of sportsmanship throughout the year are not elite shooters although they are outstanding kids. This award is not predicated on performance on the range alone. It is an opportunity to recognize consistent and positive sportsmanship shown throughout the year or the shooting career by an individual who invests above and beyond the call of duty. This form of recognition was initiated by members of our shotgun committee. This year we are formalizing the process and expanding it to cover all disciplines. Please refer to the April, 2005 4-H Shooting Sports News and Views for the criteria and the processes to be used. Signatures below indicate verification and endorsement by the signatories.

Write a brief summary supporting your nomination of this young person for a sportsmanship award. Single events may be illustrative, but this award is for career or overall achievement in sportsmanship, not a single action. Use additional pages if required, but be as brief as possible while making your case effectively. Note that "career" does not mean that the young people must be seniors. Some sub-junior shooters are already mature as sportsmen and should be considered. Note that only one (1) award will be given annually in each discipline unless the judges determine that more than one awardee must be recognized.
